You just can't miss the work by Christo!!! I don't know what it is, but work by this eccentric artist, who once wrapped up Paris' Pont Neuf bridge like a package, is bound to intrigue. This exhibit runs from May 24th - September 21st.

Come see the rugs on the 3rd floor woven by **Daisy Tauglechee**, considered to be the greatest Navajo weaver and spinner who ever lived. This exhibit continues through November.

Free all day, every Saturday 10-5
